

# Engineering project works (Main)

## Society Of Technology Leaders (SOTL)

www.sotlglobal.com

SOTL is a professional organization founded by alumni of IIMs, IITs and stalwarts from reputed MNCs. The objective of the company is to give world class training and internationally accredited certifications to engineering graduates, which can help in their higher studies and employment. In last 6 years, SOTL has trained and certified more than 10,000 national and international students and most of them are employed with various ICT companies across the world.

As a part of the objective, we are delivering engineering main projects along with certifications in collaboration with BSNL, Huawei, ZTE, IIBDM, Etc.

BSNL (Bharat Sanchar Nigam Limited) is the largest government telecom operator in India.

www.zte.com.cn

ZTE Telecom is the Asia's largest Telecom & Networking equipment manufacturing company headquartered in China.

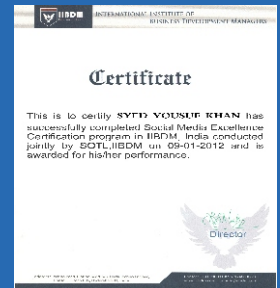

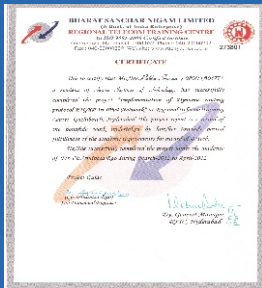

www.huawei.com

Huawei is the world's largest Information and communication technology (ICT) services and products company

www.iibdm.com

IIBDM (International Institute of Business Development managers) is the most preferred Indian business school for "on the job" management programs.

### Realtime Industry Projects

Real time practical main projects for CSC ECE,IT & EEE students from BSNL,ZTE,HUAWEI,etc
